PREVIOUSLY ON NICKI MINAJ: THE EMPIRE...

Darius King, wealthy and evil CEO of Largesse Records, has offered a lucrative recording contract to the player (referred to as the string variable %avatar_name%). However, Darius will rescind his offer if the player doesn't cut ties with the player's manager, and best friend, Kayla. In the previous quest-line, Kayla earned Darius's eternal hatred by crashing his big comeback performance in order to declare her undying love for Priya Singh (Darius's assistant). Unsure of whether to accept the offer, the player seeks the guidance of Nicki Minaj in making this tough decision. This quest marks the end of Act I, and will unlock a new block of quests once completed.

TALK 02	Wow, %avatar_name%. I can't believe it! You seemed so down, but then you came back like it was nothing! What happened?	
It's... not important.		I'll tell you later.
You don't have to tell me if you don't want to. I'm just glad you're fine. Was it just me, or was Darius a little scared of you just now?		
Not just you.		He was shaking!
And Priya, what was THAT? She comes, bails out Darius, and then doesn't even acknowledge me?! Who's side is she ON?		
I'm not sure.		
I don't even know what to think. Things aren't gonna be the same from now on. Dunno about you, but I'm ready to get out of here! Let's go!		
Gladly.
