**PREVIOUSLY ON NICKI MINAJ: THE EMPIRE...**

This quest-line is part of a holiday special event – The 12 Days of Craysmus. One each day of the event, the player is challenged to gather an ingredient or accomplish a task necessary in putting together the perfect Craysmus party. Craysmus is a unique holiday celebrated only by Kidd Cray, an ultra-famous but eccentric rap superstar. The player has finished all the necessary preparations (each one a play on The 12 Days of Christmas) and has invited all of our favorite New York characters to join the fun. All that’s left is the party itself. Kidd Cray calls.
